Education

Babu Banarasi Das University

Bachelor of Technology in Computer Science & Engineering

2021 – 2025

Lucknow, UP

Little Flower Children School

Intermediate

2019 – 2021

Mau, UP

Little Flower Children School

High School

2018 – 2019

Mau, UP

Experience

Dawdle.live - SDE Intern

January 2025 – February 2025

Remote, India

- Designed and developed responsive landing pages using Next.js and Tailwind CSS to enhance user engagement.
- Built a blog administration dashboard with user management features to streamline content management.
- Created RESTful API endpoints using Hono.js to support front-end functionality and data retrieval.
- Optimized website performance and reduced page load times for an improved user experience.
- Leveraged React.js, Tailwind CSS, Hono.js, and Zustand to build scalable and efficient features.

Revspire Technologies - SDE Intern

July 2024 – December 2024

Remote

- Added integrations such as Canva, Adobe Express, and Outreach to enhance application functionality and user experience.
- Optimized frontend performance by implementing lazy loading, improving page load times and usability.
- Collaborated with cross-functional teams to contribute to various parts of the company's application and deliver key features.
- Utilized React.js, Tailwind CSS, Node.js, Redux, and Express.js to develop robust application components.

Projects

InterviewGenie | Next.js, Tailwind CSS, Prisma, PostgreSQL, Supabase, OpenAI

August 2024

- Created an AI-powered tool to generate interview questions and answers based on user inputs for role, question type, and job description.
- Developed a full-stack app with Next.js and Tailwind CSS, leveraging OpenAI for dynamic question generation.
- Enabled users to save questions persistently using PostgreSQL and Supabase, and share them with others.
- Added PDF export functionality for users to download their generated questions and answers.
- Live Demo: <https://interviewgenie.live>

Focus Frame | React, Tailwind CSS, Redux Toolkit

May 2024

- Developed features to add, edit, and delete tasks, enhancing user control over task management.
- Implemented Redux Toolkit for efficient state management and data consistency.
- Enabled task creation, categorization, and progress tracking for improved project management.
- Live Demo: <https://focusframe.vercel.app>

Hunger Hero | React.js, Tailwind CSS, Redux, Swiggy API

September 2024

- Created a Swiggy-like food delivery clone with a responsive UI using React.js and Tailwind CSS.
- Integrated Swiggy's live API via a proxy server to fetch real-time data without CORS issues.
- Implemented Redux for state management to handle dynamic restaurant and menu data efficiently.
- Live Demo: <https://hungerhero.vercel.app>

Technical Skills

Languages: JavaScript, TypeScript, Java

Frameworks/Libraries: React.js, Next.js, Node.js, Tailwind CSS, Hono.js

Developer Tools: Git, GitHub, VS Code
